Cur Síos

Fiosróidh na foghlaimeoirí na dóigheanna a ndéanann daoine cumarsáid i bpoist éagsúla agus déanfaidh siad machnamh ar dhóigheanna cuí le cumarsáid a dhéanamh.

An Ghníomhaíocht

- Mar rang, déanaigí liosta de na daoine éagsúla a mbíonn na foghlaimeoirí ag labhairt leo le linn an lá scoile, ar nós cairde, múinteoirí agus mná lóin.
- Ansin amharc ar na daoine a labhraíonn siad leo taobh amuigh den scoil agus ar na poist atá acu, agus smaoinigh ar na fáthanna a bhfeiceann siad na daoine seo.
- Déan rólghlacadh le duine fásta eile, cuairt ar an fhiaclóir mar shampla, agus iarr ar na foghlaimeoirí a rá cén ról atá ag gach duine agaibh.
- Iar ar na foghlaimeoirí focail nó frásaí a mholadh a thiocfadh leo a úsáid sa rólghlacadh; b'fhéidir go ndéarfadh siad mar shampla, 'fiacla', 'Oscail do bhéal' agus 'An bhfuil sé nimhneach?'
- Déan péirí den rang. Bain úsáid as na cártaí in Áis 2 agus iarr ar gach péire rólghlacadh a dhéanamh sa dóigh go mbeidh na páistí eile sa rang ábalta a thomhas cén ról atá acu.
- Bíodh deis ag na foghlaimeoirí an rólghlacadh a dhéanamh os comhair an ranga. Pléigí an cineál teanga a úsáideadh agus an dóigh ar chuir siad a ról i láthair.

Smaointe don Difreáil

An Leibhéal Deacrachta a Ísliú

- Tabhair scripteanna gairide do na foghlaimeoirí lena léamh amach agus iarr orthu smaoineamh ar an ghuth a thiocfadh leo a úsáid i ngach ról.
- Tabhair róil do na foghlaimeoirí agus mol eochairfhocail a thiocfadh leo a úsáid.
- Labhair faoi chomharthaíocht choirp agus pléigh an dóigh a mothaíonn na foghlaimeoirí nuair a bhíonn duine ina sheasamh róchóngarach dóibh nó nuair a úsáideann duine gothaí gnúise éagsúla.

An Leibhéal Deacrachta a Ardú

- Spreag na foghlaimeoirí le machnamh agus cur síos a dhéanamh ar do ghuth agus ar do thuin chainte agus ar an chomharthaíocht choirp a úsáidtear i gcásanna éagsúla.
- Bíodh réimse níos leithne cásanna ann don rólghlacadh; mar shampla agallamh poist agus cruinniú le bainisteoir bainc.
- Lig do na foghlaimeoirí cásanna deacra a léiriú a bhfuil coimhlint nó fadhbréiteach i gceist iontu agus machnamh a dhéanamh ar an dóigh is fearr le gach cás a réiteach.
